# Wide Range of Products

Experts in sealants, adhesives & PU foams

**Products available in more than 140 countries**

* Terms & conditions apply

* The directives contained in this documentation are the result of our experiments and of our experience and have been submitted in good faith. Because of the diversity of the materials and substrates and the great number of possible applications which are out of our control. We recommend to carry out preliminary experiments with the specific product & substrate. Soudal India reserves the right to modify products without prior notice.

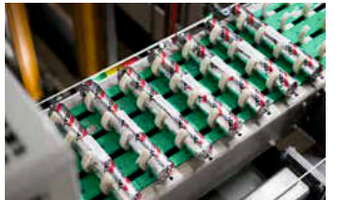
# ABOUT SOUDAL



**(YOU)**
**BUILD THE FUTURE**

## SOUDAL - Expert in sealants, foams and adhesives

Founded in 1966 by current Chairman Vic Swerts, Soudal has grown at over 10% per year, every year. Its success is based on the quality of its products and its ability to stay at the cutting edge of technology through innovation.

## Quality

Every week, more than 4 million cartridges and 2 million canisters of PU Foam are manufactured in our state of the art production facilities on various continents according to exacting high quality standards. To maintain these standards, Soudal became the first company in its industry to achieve the IS0 9001 quality certification.

Product consistency and full traceability are therefore ensured across the huge range of over 1,000 chemical formulations. Soudal's commitment and focus on sustainability and environmental safety are expressed in the recent achievement of the ISO 14001 certificate which ensures that the company implements all the necessary measures to reduce the impact of its production on the environment, increasing focus on "green products" and continuous efforts to recycle production and packaging surpluses to enhance this commitment.

## Innovation

Highly qualified scientists, engineers and application technicians develop state of the art formulas, packaging and accessories to perfectly suit the demands of both the market and end users.

Driven by the will to continuously improve and to provide better and more environmentally friendly solutions for its customers, Soudal is leading from the front in product innovation.

## Commitment to customers

Apart from offering an extensive range of high quality products, Soudal offers ongoing commitment to providing outstanding service, guaranteed delivery times and a personalised approach to on-going partnerships with existing customers. Soudal's legendary flexibility in production and logistics stands it in good stead. Technical support is also a vital component of Soudal's commitment to customer service. This approach to customer service, together with an innovative and high quality product range has proved to be a winning formula.

# NEUTRAL SEALANTS

## Silirub 989:

**New Generation Weather Sealant**

Silirub 989 is a high performance, low odor, one-component Weatherproof joint and glazing sealant, based on neutral silicone. Silirub 989 has been Specifically designed for weather sealing of joints in the façade application with high shore hardness .

- Weatherseal in curtain wall applications
- All usual building, connection, expansion and dilatation joints
- Excellent for double glazing system applications

**Available Color:**

White, Grey, Black

**Packaging :** 405g & Sausage 810g

## Silirub PS:

**Projectseal High Performance Silicone Sealant**

Silirub PS is a neutral cure silicone sealant particularly suitable for interior & exterior sealing applications such as joints, weather sealing, connection joints.

- Panel/Perimeter/Project Sealant
- Stays elastic after curing- Good resistance to UV / ozone / vibration /moisture / airborne pollutants
- Telecom shelters, uPVC profiles, Aluminium fenestration, Door & Window frames, ACP glass, Brick, Concrete, Wood
- Sealing between PVC and glass

**Available Color:**

Briliant White, Clear, Black

**Packaging :** 300ml & Sausage 600ml

## Silirub B&K:

**Hygiene Protection Bath & Kitchen Silicone Sealant**

Silirub B&K is a high performance neutral cure silicone sealant with outstanding adhesive/sealing properties for all wet area (kitchens & bathrooms) critical applications. Silirub B&K is FDA (food grade) approved by Ianesco (France).

- Joints in sanitary applications and kitchens
- All glazing works
- Joints in container and cold store applications
- Air conditioning sealing

**Available Color:**

Clear

**Packaging :** Cartridge 300ml

## Neutral+:

**All Purpose Neutral Silicone Sealant**

Neutral+ is a cost effective, multipurpose, neutral cure silicone sealant.

- One-component sealant/adhesive
- Cures at room temperature
- Excellent UV and moisture resistance
- Good adhesion to most common construction substrate like concrete, metals, plastics
- Good waterproof and weatherproof for interior & exterior applications

**Available Color:**

Clear, White, Black

**Packaging :** 270ml & Sausage 540ml

# HYBRID SEALANTS

## Soudaseal 650 HT:

**Panel Adhesive**

Soudaseal 650 HT is a high quality, neutral, elastic, one-component adhesive sealant based on MS-Polymer with a very high initial tack.

- High initial tack reducing the need for initial support
- Fast curing
- Good extrudability
- High shear strength after full cure (no primer)
- Stays elastic after curing and very sustainable

**Available Color:**

White, Black

**Packaging :** Sausage 600ml & 20l Drum

## Soudaseal 212 CS:

**Class 50, Non Staining Sealant**

Soudaseal 212 CS is a high quality, neutral, elastic, one-component joint sealant based on SMX-Polymer.

- Good Extrudability: Stays elastic after curing and very durable
- Excellent adhesion on nearly all surfaces, even if slightly moist
- Can be painted with water based systems
- Universal adhesive and joint sealant

**Available Color:**

White, Grey

OTHER COLORS ON REQUEST

**Packaging :** Sausage 600ml

## Fill All High Tack:

**Super Strong**

Fix ALL High Tack is a high quality, neutral, elastic, one-component adhesive sealant based on SMX-Polymer with a very high initial tack.

- High initial tack reducing the need for initial support
- Fast curing, quick build-up of end strength, high sheer strength after full cure (no primer)
- Suitable for uneven surfaces
- Can be applied on wet surfaces

**Available Color:**

White, Black

**Packaging :** 290ml

## Fix All Crystal:

**Super Clear**

Fix ALL Crystal is a high quality, crystal clear, neutral, elastic, one component adhesive based on SMX-Polymer.

- Perfect for 100% transparent bonding and sealing
- All materials, surfaces & circumstances
- High elasticity and can be painted
- Suitable for uneven surfaces

**Available Color:**

Transparent

**Packaging :** 290ml

# ACETOXY SEALANTS

## GP Plus: General Purpose Plus

**High Performance Acetoxy Silicone Sealant**

General purpose plus is a high quality elastic one-component acetoxy cure silicone sealant.

It is most suitable for automotive applications, glass, aluminium, window frame joints, ceramics, vitreous surfaces, many plastics, paints, rubber, tiles, sanitary wares, fibre glass and most non-porous substrates.

**Available Color:**

Clear White Black

**Packaging :** 280ml & Sausage 560ml

## GP: General Purpose

**Trade Grade Acetoxy Silicone Sealant**

GP is a high-quality, elastic one-component joint sealant based on silicone chemistry.

- Building and construction joints
- Glazing and connection joints
- Elastic joints in cold store & container applications
- Sealing in air conditioned systems

**Available Color:**

Clear White Black

**Packaging :** 260ml

# POLYURETHANE SEALANT

## Soudaflex 33SL:

**High Performance, self-leveling Polyurethane Sealant**

Soudaflex 33SL is a high quality, flexible, one-component, self-leveling joint sealant based on polyurethane

- Sealing of shrinking joints in concrete floors
- Sealing of floor joints
- No staining on porous surfaces such as marble, granite and other natural stones
- Permanently elastic after curing
- Very good adhesion on many materials

**Available Color:**

Clear White Black

**Packaging :** 260ml

## Builder PU LM:

**One-component polyurethane based sealant.**

Builder PU LM is a high quality, elastic, one-component moisture cure polyurethane based sealant.

- Expansion joints in building with high movement, Highway, water conservancy project
- Joint sealing for precast panel and wood, Aluminium and PVC joinery seams, curtain walls
- Concrete roof tiles in construction area
- Connection joints between window Doorframes and walls

**Available Color:**

Grey OTHER COLORS ON REQUEST

**Packaging :** Sausage 600ml

# POLYURETHANE FOAM

## Soudafoam PRO:

**High Performance Gun-Grade Expanding PU Foam**

Soudafoam Pro is a one-component, self-expanding, ready to use polyurethane foam. It contains CFC-free propellants, which are completely harmless to the ozone layer.

- Installation of window & door frames
- Filling of cavities
- Sealing of all openings in roof constructions
- Creation of a soundproof screen

**Available Color:**

Champagne

**Packaging :** 750ml

## Soudafoam 1K:

**High Performance One-Component Expanding PU Foam**

Soudafoam 1K is a one component, self-expanding, ready to use polyurethane foam with CFC-free propellants, which are completely harmless to the ozone layer.

- Creation of a soundproof screen
- Application of soundproofing layers on motors
- Filling of cavities
- Installation of window and door frames

**Available Color:**

Champagne

**Packaging :** 750ml

# SAVE TIME, SAVE MONEY

## Gen 750:

**Self Expanding PU Foam**

Gen 750 is a one component, self-expanding, ready to use polyurethane foam.

- Excellent stability
- Thermal & acoustic insulation
- Internal & external use
- Good adhesion
- Filler foam

**Available Color:**

Champagne

**Packaging :** 750ml

## Soudabond Easy Gun:

**Ready to use, Single Component, Self-Expanding Polyurethane Adhesive**

Soudabond Easy is a ready to use, single component, self-expanding polyurethane adhesive for clean, efficient and economical permanent bonding of insulation panels and plaster board in building and construction.

- Cuts working time by up to 30%
- Excellent initial bond, even at low temperatures
- Fast curing, work can continue about 1 hour after application

**Available Color:**

Orange

**Packaging :** 750ml

# ACRYLIC SEALANTS

## Acryrub Exterior:

**Siliconized Sealant for Perimeter Joint Sealing**

Acryrub exterior is a high quality plasto elastic one component joint sealant based on siliconized acrylic dispersions.

- Interior & exterior purpose
- Perimeter sealing
- Excellent movement capability
- Good UV resistance
- Excellent crack bridging properties
- Paintable

**Available Color:**

White

**Packaging :** 425g & Sausage 425g

## Acryrub PRO:

**Paintable Acrylic Sealant for Gaps & Cracks**

Acryrub PRO+ is a high-quality, plasto-elastic one-component joint sealant based on acrylic dispersions.

- Joints with movements up to 15%
- Connection joints in the building industry
- Joints between windowsills, between skirting-board and floor, between brickwork, etc.

**Available Color:**

White Grey Black Brown

**Packaging :** 450g

## Windowseal:

**High Performance Sealant for Doors and Windows**

Windowseal is suitable for interior and exterior sealing applications of all kinds of door and window joints and connection joints for aluminium, uPVC & wood.

- Ideal for Indian weather conditions
- Good UV resistance
- Building and construction joints
- For uPVC, window & door professionals
- Sealing between uPVC & glass

**Available Color:**

White Grey Black Brown Golden oak

**Packaging :** 270ml, 540ml

## Alusil:

**High Performance Sealant**

Alusil is suitable for interior and exterior sealing applications of all kinds of door and window joints and connection joints for aluminium, uPVC & wood.

- For window & door professionals (aluminium, steel & wood)
- Ideal for Indian weather conditions.
- UV resistance
- No smell & paintable

**Available Color:**

White Grey Black

**Packaging :** 425g

# ALL PURPOSE SEALANTS & ADHESIVES

## Superbond:

**High Performance Multi-Application Adhesive**

Superbond is a solvented instant grab, high strength construction adhesive based upon synthetic rubbers.

- Adhesion on uneven surfaces possible
- Replaces nails and screws
- Good initial grab
- Doesn't attack polystyrene

**Available Color:**

Cream

**Packaging :** 425g & Sausage 425g

## Siliconized CS+:

**New Generation Construction**

- Siliconized CS+ is a high quality single component siliconized joint sealant.
- Joints with movements up to ± 12.5% connection joints in the building industry
- Joints between windowsills, between brickwork etc.
- Not suitable for glass & mirrors

**Available Color:**

White

**Packaging :** 450g

## Soudabond 280 Power Spray:

**Contact Adhesive Power Spray**

Soudabond 280 Power Spray is a ready to use, strong and fast contact adhesive based on synthetic rubbers. It is applied two-sided and carried in an aerosol

- Fast strength build-up
- Suitable for bonding of low energy surfaces
- Suitable for the fast bonding of e.g. plastics, metal, timber, porcelain, cork, leather, ceramics, cardboard, paper and rubber

**Available Color:**

Transparent

**Packaging :** 500ml aerosol

## Crack-को-Fill:

**Paintable Acrylic Sealant for Gaps & Cracks**

Crack-ko-fill is premium quality moisture curing high grade acrylic based paintable sealant.

- Non toxic, no sag
- Paintable
- Non-flammable
- Best for interior & exterior purpose
- Maximum gap filling capacity 6-7mm

**Available Color:**

White

**Packaging :** 500g & 1000g

NEW LAUNCH

# EXPERIENCE THE DELIGHT OF DO-IT-YOURSELF SPRAY PAINTING

# PROTECTIVE WATERPROOF COATING

- ✓ Good UV & weather resistance
- ✓ Fast drying time
- ✓ One component, ready to use
- ✓ Can be painted
- ✓ Seals and fills cracks
- ✓ Solvents & isocyanates free

Available in Buckets of 1kg, 5kg and 10kg

# FIRE RANGE

## Soudafoam FR HY:

**Fire Retardant Single Component, Self Expanding PU Foam**

Soudafoam FR HY is a one-component, self-expanding, ready to use PU-foam, which contains HCFC and CFC-free propellants who are not harmful for the ozone layer. Soudafoam FR HY is a PU-foam with fire retardant characteristics according to the European standard EN 1366-4.

- High filling capacity
- Good adhesion on all surfaces (except PE, PP and PTFE)
- High insulation value, thermal and acoustic
- Very good bonding properties

**Available Color:**

Pink

**Packaging :** 750 ml aerosol

## Soudafoam Gun FR HY:

**Fire Retardant One-Component Expanding Gun Foam**

Soudafoam FR HY Gun is a one-component, self-expanding, ready to use polyurethane foam, where the canister is provided with a thread so it can be used on a gun. Soudafoam FR HY Gun is a PU-foam with fire retardant characteristics according to the European standard EN 1366-4. Because of the Duravalve, the optimal yield remains over the entire shelf life, even when stored or transported lying down

- High filling capacity
- Very good bonding properties
- All foam applications in static joints

**Available Color:**

Pink

**Packaging :** 750 ml aerosol

## Firecryl FR:

**Fire Retardant Paintable Acrylic Sealant**

Firecryl FR is a one-component intumescent plastoelastic joint sealant based on acrylic dispersions.

- Swells when exposed to temperatures in excess of 120°C
- Stays elastic and can be painted over
- Colourfast and waterproof after curing
- Very good adhesion on many porous surfaces
- Fire-resistant sealing compound for cracks in concrete and plaster

**Available Color:**

White

**Packaging :** cartridge 270ml

## Fire Silicone B1 FR:

**Fire Retardant, Smoke-Tight Silicone Sealant**

Fire Silicone B1 FR is a high-quality, fire-resistant, smoke-tight, neutral, elastic, one-component joint sealant based on silicones.

- High level of fire retardation
- Sealant for preventing the passage of smoke and gas
- Very good adhesion on many materials
- Permanently elastic after curing (without fire load)
- Not suitable for natural stone

**Available Color:**

White Grey Black

**Packaging :** 300 ml cartridge

# SILICONE & FOAM REMOVER

## Sealant Remover:

Cleaning agent for removal of cured silicones and MS Polymers for of all types of cured silicone & MS Polymer based sealants from all type of substrates.

## Gun & Foam Cleaner:

**Ready to use Cleaning Aerosol**

Gun & foam cleaner is a ready to use cleaning aerosol can for use on Soudafoam gun and Soudal foams.

- Cleaning of the gun.
- Cleaning of the valves of the PU Foam Aerosol.
- Removal of uncured foam.

**Available Color:** Transparent / **Packaging :** 500ml

# SEALANT & ADHESIVE REMOVER

## Sealant Remover:

A ready-to-use and fast working spray based on terpenes for removing hardened silicones and MS Polymers. Can be applied on most surfaces, including aluminium, coatings, ceramics, laminated board, paint and certain plastics.

## Adhesive Remover:

Transparent solvent mixture suitable for removing fresh glue stains and for the cleaning & degreasing of metal surfaces.

- Removes fresh glue stains.
- Cleans and degreases.
- Does not leave residue

# TOOLS & ACCESSORIES

## JM 108 DT (Rabbit):

- 9" Cradle Type
- Smooth Rod

## MS 168 C (Camel):

- 600ml Capacity
- Smooth Rod

## JM 138 (Bull Dog):

- 9" Cradle Type
- Smooth Rod

## Tyne & Trent (Airflow II)

- Pneumatic Applicator for Cartridges and Sausages
- Dispenses 310ml, 400ml and 600ml packs
- Available in 2 standard barrel lengths (Aluminium)
